 - 1. The person is under the influence of alcohol, a drug of abuse, or a combination of them.
 - 2. The person's whole blood, blood serum or plasma, breath, or urine contains at least the concentration of alcohol specified in subsection (a)(1)B., C., D. or E. hereof.

 - A. The person obtained the controlled substance pursuant to a prescription issued by a licensed health professional authorized to prescribe drugs.
 - B. The person injected, ingested, or inhaled the controlled substance in accordance with the health professional's directions.
- (e) Evidence; Tests.
 - (1)
 - A. In any criminal prosecution or juvenile court proceeding for a violation of (a)(1)A. of this section or for any equivalent offense, the result of any test of any blood or urine withdrawn and analyzed at any health care provider, as defined in Ohio R.C. 2317.02, may be admitted with expert testimony to be considered with any other relevant and competent evidence in determining the guilt or innocence of the defendant.
 - B. In any criminal prosecution or juvenile court proceeding for a violation of subsection (a) or (b) of this section or for an equivalent offense, the court may admit evidence on the concentration of alcohol, drugs of abuse, controlled substances, metabolites of a controlled substance, or a combination of them in the defendant's whole blood, blood serum or plasma, breath, urine or other bodily substance at the time of the alleged violation as shown by chemical analysis of the substance withdrawn within three hours of the time of the alleged violation. The three-hour time limit specified in this subsection regarding the admission of evidence does not extend or affect the two-hour time limit specified in Ohio R.C. 4511.192(A) as the maximum period of time during which a person may consent to a chemical test or tests as described in that section.

The court may admit evidence on the concentration of alcohol, drugs of abuse, or a combination of them as described in this section when a person submits to a blood, breath, urine or other bodily substance test at the request of a law enforcement officer under Ohio R.C. 4511.191, or a blood or urine sample is obtained pursuant to a search warrant. Only a physician, a registered nurse, or a qualified technician, chemist, or phlebotomist shall withdraw a blood sample for the purpose of determining the alcohol, drug,

controlled substance, metabolite of a controlled substance, or combination content of the whole blood, blood serum, or blood plasma. This limitation does not apply to the taking of breath or urine specimens. A person authorized to withdraw blood under this subsection may refuse to withdraw blood under this subsection, if in that person's opinion, the physical welfare of the person would be endangered by the withdrawing of blood.

The bodily substance withdrawn under subsection (e)(1)B. hereof shall be analyzed in accordance with methods approved by the Director of Health by an individual possessing a valid permit issued by the Director pursuant to Ohio R.C. 3701.143.

- (2) In a criminal prosecution or juvenile court proceeding for violation of subsection (a) of this section or for an equivalent offense, if there was at the time the bodily substance was withdrawn a concentration of less than the applicable concentration of alcohol specified in subsections (a)(1)B., C., D. and E. of this section, or less than the applicable concentration of a listed controlled substance or a listed metabolite of a controlled substance specified for a violation of subsection (a)(1)J. of this section, that fact may be considered with other competent evidence in determining the guilt or innocence of the defendant. This subsection does not limit or affect a criminal prosecution or juvenile court proceeding for a violation of subsection (b) of this section or for an equivalent offense that is substantially equivalent to that subsection.
- (3) Upon the request of the person who was tested, the results of the chemical test shall be made available to the person or the person's attorney, immediately upon the completion of the chemical test analysis. If the chemical test was obtained pursuant to subsection (e)(1)B. hereof, the person tested may have a physician, a registered nurse, or a qualified technician, chemist or phlebotomist of the person's own choosing administer a chemical test or tests, at the person's expense, in addition to any administered at the request of a law enforcement officer. If the person was under arrest as described in division (A)(5) of Ohio R.C. 4511.191, the arresting officer shall advise the person at the time of the arrest that the person may have an independent chemical test taken at the person's own expense. If the person was under arrest other than described in division (A)(5) of Ohio R.C. 4511.191, the form to be read to the person to be tested, as required under Ohio R.C. 4511.192, shall state that the person may have an independent test performed at the person's expense. The failure or inability to obtain an additional chemical test by a person shall not preclude the admission of evidence relating to the chemical test or tests taken at the request of a law enforcement officer.
- (4)
 - A. As used in subsections (e)(4)B. and C. of this section, "national highway traffic safety administration" means the National Traffic Highway Safety Administration established as an administration of the United States Department of Transportation under 96 Stat. 2415 (1983), 49 U.S.C.A. 105.
 - B. In any criminal prosecution or juvenile court proceeding for a violation of subsection (a), (b) or (d) of this section, of a municipal ordinance relating to operating a vehicle while under the influence of alcohol, a drug of abuse, or alcohol and a drug of abuse, or of a municipal ordinance relating to operating a vehicle with a prohibited concentration of alcohol, a controlled substance, or a metabolite of

a controlled substance in the blood, breath or urine, if a law enforcement officer has administered a field sobriety test to the operator or person in physical control of the vehicle involved in the violation and if it is shown by clear and convincing evidence that the officer administered the test in substantial compliance with the testing standards for any reliable, credible, and generally accepted field sobriety tests that were in effect at the time the tests were administered, including, but not limited to, any testing standards then in effect that were set by the National Highway Traffic Safety Administration, all of the following apply:

1. The officer may testify concerning the results of the field sobriety test so administered.
 2. The prosecution may introduce the results of the field sobriety test so administered as evidence in any proceedings in the criminal prosecution or juvenile court proceeding.
 3. If testimony is presented or evidence is introduced under subsection (e)(4)B.1. or 2. of this section and if the testimony or evidence is admissible under the Rules of Evidence, the court shall admit the testimony or evidence and the trier of fact shall give it whatever weight the trier of fact considers to be appropriate.
- C. Subsection (e)(4)B. of this section does not limit or preclude a court, in its determination of whether the arrest of a person was supported by probable cause or its determination of any other matter in a criminal prosecution or juvenile court proceeding of a type described in that subsection, from considering evidence or testimony that is not otherwise disallowed by subsection (e)(4)B. of this section. (ORC 4511.19; 4511.194)
- (f) Forensic Laboratory Reports.
- (1) Subject to subsection (f)(3) of this section, in any criminal prosecution or juvenile court proceeding for a violation of subsection (a)(1)B., C., D., E., F., G., H., I., or J. or (b)(1), (2), (3) or (4) of this section or for an equivalent offense that is substantially equivalent to any of those subsections, a laboratory report from any laboratory personnel issued a permit by the Department of Health authorizing an analysis as described in this subsection that contains an analysis of the whole blood, blood serum or plasma, breath, urine, or other bodily substance tested and that contains all of the information specified in this subsection shall be admitted as prima-facie evidence of the information and statements that the report contains. The laboratory report shall contain all of the following:
- A. The signature, under oath, of any person who performed the analysis;
 - B. Any findings as to the identity and quantity of alcohol, a drug of abuse, a controlled substance, a metabolite of a controlled substance, or a combination of them that was found;
 - C. A copy of a notarized statement by the laboratory director or a designee of the director that contains the name of each certified analyst or test performer involved with the report, the analyst's or test performer's employment relationship with the laboratory that issued the report, and a notation that performing an analysis of the type involved is part of the analyst's or test performer's regular duties;

- D. An outline of the analyst's or test performer's education, training, and experience in performing the type of analysis involved and a certification that the laboratory satisfies appropriate quality control standards in general and, in this particular analysis, under rules of the Department of Health.
- (2) Notwithstanding any other provision of law regarding the admission of evidence, a report of the type described in subsection (f)(1) of this section is not admissible against the defendant to whom it pertains in any proceeding, other than a preliminary hearing or a grand jury proceeding, unless the prosecutor has served a copy of the report on the defendant's attorney or, if the defendant has no attorney, on the defendant.
- (3) A report of the type described in subsection (f)(1) of this section shall not be prima-facie evidence of the contents, identity, or amount of any substance if, within seven days after the defendant to whom the report pertains or the defendant's attorney receives a copy of the report, the defendant or the defendant's attorney demands the testimony of the person who signed the report. The judge in the case may extend the seven-day time limit in the interest of justice.

(g) Immunity From Liability For Withdrawing Blood. Except as otherwise provided in this subsection, any physician, registered nurse or qualified technician, chemist, or phlebotomist who withdraws blood from a person pursuant to this section, and any hospital, first-aid station, or clinic at which blood is withdrawn from a person pursuant to this section, is immune from criminal liability and civil liability based upon a claim of assault and battery or any other claim that is not a claim of malpractice, for any act performed in withdrawing blood from the person. The immunity provided in this subsection is not available to a person who withdraws blood if the person engaged in willful or wanton misconduct.

(h) General OVI Penalty.

- (1) Whoever violates any provision of subsections (a)(1)A. to I. or (a)(2) of this section is guilty of operating a vehicle under the influence of alcohol, a drug of abuse, or a combination of them. Whoever violates subsection (a)(1)J. of this section is guilty of operating a vehicle while under the influence of a listed controlled substance or a listed metabolite of a controlled substance. The court shall sentence the offender for either offense under Ohio R.C. Chapter 2929, and this Traffic Code, except as otherwise authorized or required by subsections (h)(1)A. to E. of this section:

A. Except as otherwise provided in subsections (h)(1)B., C., D. or E. of this section, the offender is guilty of a misdemeanor of the first degree, and the court shall sentence the offender to all of the following:

As used in this subsection, three consecutive days means seventy-two consecutive hours. The court may sentence an offender to both an intervention program and a jail term. The court may impose a jail term in addition to the three-day mandatory jail term or intervention program. However, in no case shall the cumulative jail term imposed for the offense exceed six months.

The court may suspend the execution of the three-day jail term under this subsection if the court, in lieu of that suspended term, places the offender under a community control sanction pursuant to Ohio R.C. 2929.25 and requires the offender to attend, for three consecutive days, a drivers' intervention program certified under Ohio R.C. 3793.10.

The court also may suspend the execution of any part of the three-day jail term under this subsection if it places the offender under a community control sanction pursuant to Ohio R.C. 2929.25 for part of the three days, requires the offender to attend for the suspended part of the term a drivers' intervention program so certified, and sentences the offender to a jail term equal to the remainder of the three consecutive days that the offender does not spend attending the program. The court may require the offender, as a condition of community control and in addition to the required attendance at a drivers' intervention program, to attend and satisfactorily complete any treatment or education programs that comply with the minimum standards adopted pursuant to Ohio R.C. Chapter 3793 by the Director of Alcohol and Drug Addiction Services that the operators of the drivers' intervention program determine that the offender should attend and to report periodically to the court on the offender's progress in the programs. The court also may impose on the offender any other conditions of community control that it considers necessary.

2. If the sentence is being imposed for a violation of subsection (a)(1)F., G., H. or I. or (a)(2) of this section, except as otherwise provided in this subsection, a mandatory jail term of at least three consecutive days and a requirement that the offender attend, for three consecutive days, a drivers' intervention program that is certified pursuant to Ohio R.C. 3793.10. As used in this subsection, three consecutive days means seventy-two consecutive hours. If the court determines that the offender is not conducive to treatment in a drivers' intervention program, if the offender refuses to attend a drivers' intervention program, or if the jail at which the offender is to serve the jail term imposed can provide a drivers' intervention program, the court shall sentence the offender to a mandatory jail term of at least six consecutive days.

The court may require the offender, under a community control sanction imposed under Ohio R.C. 2929.25, to attend and satisfactorily complete any treatment or education programs that comply with the minimum standards adopted pursuant to Ohio R.C. Chapter 3793 by the Director of Alcohol and Drug Addiction Services, in addition to the required attendance at drivers' intervention program, that the operators of the drivers' intervention program determine that the offender should attend and to report periodically to the court on the offender's progress in the programs. The court also may impose any other conditions of community control on the offender that it considers necessary.

 4. In all cases, a class five license suspension of the offender's driver's or commercial driver's license or permit or nonresident operating privilege from the range specified in division (A)(5) of Ohio R.C. 4510.02. The court shall sentence the offender to all of the following:
1. If the sentence is being imposed for a violation of subsection (a)(1)A., B., C., D., E., or J. of this section, a mandatory jail term of ten consecutive days. The court shall impose the ten-day mandatory jail term under this subsection unless, subject to subsection (h)(3) of this section, it instead imposes a sentence under that subsection consisting of both a jail term and a term of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The court may impose a jail term in addition to the ten-day mandatory jail term. The cumulative jail term imposed for the offense shall not exceed six months.
In addition to the jail term or the term of house arrest with electronic monitoring or continuous alcohol monitoring or both types of monitoring and jail term, the court may require the offender to attend a drivers' intervention program that is certified pursuant to Ohio R.C. 3793.10. The court may impose a jail term in addition to the twenty-day mandatory jail term. The cumulative jail term imposed for the offense shall not exceed six months.

In addition to the jail term or the term of house arrest with electronic monitoring or continuous alcohol monitoring or both types of monitoring and jail term, the court may require the offender to attend a drivers' intervention program that is certified pursuant to Ohio R.C. 3793.10. If the operator of the program determines that the offender is alcohol dependent, the program shall notify the court, and, subject to subsection (k) of this section, the court shall order the offender to obtain treatment through an alcohol and drug addiction program authorized by Ohio R. C. 3793.02.

3. In all cases, notwithstanding the fines set forth in Section 303.99, a fine of not less than **five hundred twenty-five dollars (\$525.00)** and not more than one thousand six hundred twenty-five dollars (\$1,625).

The court may impose a jail term in addition to the thirty-day mandatory jail term. Notwithstanding the jail terms set forth in Section 303.99, the additional jail term shall not exceed one year, and the cumulative jail term imposed for the offense shall not exceed one year.
