

Rumpke accepts some large items for disposal at their landfill when placed at the curb on your scheduled collection day. If item(s) will require two people to lift, please call the City at 745-8538 prior to your collection day so we can advise Rumpke ahead of time. Below are some large items accepted curbside:

- Appliances (dishwasher, stove, washer, dryer, water heater). Rumpke will not collect appliances containing Freon (CFC) such as a refrigerator, air conditioner, or dehumidifier unless a certified technician has removed the Freon and placed a certification sticker on the outside of the appliance (doors must be removed). Please see the web-site for information on City collection of appliances with Freon.
- Furniture (chair, couch, table, etc.)
- Electronic Devices (TV, computer monitor & tower, printers, Fax machine, scanner, etc.)
- Glass door/window - only accepted if glass is covered with plastic or cardboard. You may also place an "X" across the glass area with duck tape. No contractor construction debris accepted.

Please call 745-8538 with any questions.
