INSTRUCTIONS

- Line 1. Base estimated income on the amount subject to tax in the preceding year, or on the preceding 3-month period annualized for the remainder of the year if the preceding tax year was not for a full 12-month period.
- Line 2. Enter the total tax due.
- Line 3. Divide Line 2 by 4 to determine the amount of estimated tax for the first quarter.
- Line 4. If you overpaid last year's tax and requested transfer of the overpayment toward this year's estimated tax, enter that amount on this line.
- Line 5. Enter and remit the estimated tax due if Line 3 minus Line 4 is greater than zero. This is the first of four quarterly estimated tax payments.

Make checks payable to the City of Blue Ash.

* Three additional payments are due according to the payment schedule below (for calendar year filers). For non-calender year filers, subsequent estimated payments are due by the last day of the month following each quarter of the taxable year. Subsequent payments are equal to the total estimated tax less any overpayment still available from prior year. Failure to remit timely payments may results in the assessment of penalties and interest. Once an estimate is filed, statements will be sent for subsequent quarters.
